Photo Montage & Wedding Video Price List

Photo Montages

- \$4 per photo
- \$3 per photo when added to video package

Photo montages can tell the story of you – from childhood photos to wedding photos, to honeymoon highlights. All photo montages include scanning, retouching of photos to help eliminate scratches, creases, and other imperfections, and photo color correction. Client provides the music for these montages, and we do the rest. These are much more than simple slideshows – we use all available video editing techniques to bring pictures and stories to life. Includes one copy on DVD.

Wedding Videos

The packages listed below are guidelines – every wedding is different and every couple has different desires for their video. We will customize a package just for you. All wedding videography includes appropriate basic sound and lighting equipment. DVDs have custom-designed cover and disc art and are packaged in a library case.
